(AAM)
Special Issue No. 17**

Online publisher of selected papers presented at the

Recent Advances in Mathematical Sciences and its Applications (RAMSA-2025)

(January 23-25, 2025)

www.jiit.ac.in/jiit/ramsa

VENUE:

Jaypee Institute of Information Technology

A-10, Sector-62, Noida, U.P.-201309, India

ORGANIZERS:

Conveners: Prof. Alka Tripathi (Conference Chair)

Dr. Richa Sharma

Dr. Shikha Pandey

Main focus and strengths of the Conference:

The aim of RAMSA-2025 is to bring together learned mathematicians, scientists, engineers, researchers and industry experts working in the different areas of mathematics at a common platform. This Conference will provide an excellent opportunity to researchers, practitioners and educators to present and discuss the recent innovations in mathematics for potential implementation in sciences and engineering.

Call for papers for special issue

We invite and welcome participants and/or presenters to submit their manuscripts to this Special Issue. This issue will contain selected papers presented at the RAMSA 2025 conference.

Submission Details

- (i) Submitted manuscripts should not have been published previously nor be under consideration for publication elsewhere.
- (ii) No part of any published material, such as definitions, theorems, lemmas, and propositions, of other authors already published in books and journals is allowed to be included in a submitted manuscript. However, contents of such materials could be presented in a paragraph with proper citations.
- (iii) All submitted manuscripts are subject to be reviewed by at least two qualified reviewers who are experts in the field.
- (iv) Prospective authors should submit an electronic copy of their complete manuscripts to the Guest-Editors' Liaison, Dr. Richa Sharma, through conference email at ramsa2025jiit@gmail.com. They should make sure to specify that the submission is for "RAMSA 2025, AAM Special Issue".
- (v) Each author may have only one chance to revise the reviewed manuscript. If the revision is not satisfactory, it will not be accepted for publication.
- (vi) All manuscripts accepted by the Guest Editors will undergo final review by the AAM Editor-in-Chief to be accepted or rejected for publication in AAM Special Issue.
- (vii) There will be at least 5 and at most 20 manuscripts for publication in this Special Issue. The number of pages for an accepted article for publication should be between 10 and 15. In the event the minimum number of accepted articles is not reached, the Issue will not be published. In that case, the authors of the articles by the Guest Editors will have the opportunity of submitting their manuscripts to AAM's regular issues to be reviewed. Otherwise, the manuscripts will be considered as withdrawn.
- (viii) If an article receives a final acceptance by the Editor-in-Chief, the corresponding author will be obligated to submit his/her final version according to the AAM Guides for Authors (see <http://www.pvamu.edu/aam/guide-for-authors/>), regarding the formatting style, citations, references, etc. For this purpose, the Editor-in-Chief or his designee will communicate with the author to complete the review process.
